QUICK SHIP *program guide*

Our Quick Ship Program offers 52 different products, from tables to trash receptacles, that ship within 5 business days*.

Quick ship orders are limited to quantities of 5 complete units of any of our quick ship items (a trash receptacle with lid, liner, and a mounting option qualifies as one complete unit). A combination of 5 of any quick ship item is also acceptable (5 benches and 5 tables).

Orders must be received by 2:00 p.m. EST to ship within 5 business days. Orders received after 2:00 p.m. EST will be processed the following business day and ship within 5 days of the order processing day.

Orders containing quick ship and non-quick ship items will automatically default to standard production lead times. If 5 day shipping is desired for quick ship items on your order, a separate order must be submitted and additional freight charges will apply.

Quick ship items are **only available with black frames** and in our textured polyethylene coating in the below ten colors.

Custom Logo Dog Park Benches

Logo benches and trash receptacles are a great way to parade your brand and leave a visual impression on your guests. Additionally, custom logo benches can be used as a way to generate income to use towards park maintenance. Use these products to advertise local veterinarians and pet stores by adding the company's name or logo. A one-time logo set-up fee applies. As a design option, colored back plates are available at an additional charge and allow your design to pop.

MOUNTING OPTIONS: For mounting options, please replace the (#) in product number with mounting option desired using the key below (B6WBULP-PAWS).

P= PORTABLE SM = SURFACE MOUNT S = INGROUND MOUNT

STANDARD DESIGN CHOICES: Paws or bones? To denote your desired design, please add -PAWS or -BONES to the end of each product number after the mounting option has been applied (B6WBULP-PAWS). Logo set-up fees do not apply to our standard design choices.

Warranty and Options

LIMITED WARRANTY

Superior Recreational Products (SRP) warrants that its product will be free from defects in materials and workmanship as well as maintain structural integrity for the periods listed below from the date of invoice and once SRP has been paid in full. This warranty is in effect only if the product has been assembled and installed strictly in accordance with the setup instructions provided by SRP, good construction practices, and has been subjected only to normal use and exposure.

- 5-Year limited Warranty on Site Amenities
- 1-Year Limited warranty on moving parts and materials not covered above

The Limited Warranty excludes abnormal conditions, contingent liability, cosmetic defects such as scratches, dents, marring, stripping, peeling, or fading; damage due to incorrect installation, vandalism, misuse, accident wear and tear from normal use; exposure to extreme weather, immersion in salt or chlorine water, damage due to sand, salt spray, or other abrasive and corrosive material; unauthorized repair or modification, abnormal use, or lack of maintenance. The warranty does not cover damages due to “acts of God” such as hail, flooding, lightning, tornadoes, sand storms, shifts of terrain, earthquakes, mudslides, and windstorms.

In the unlikely event of failure, SRP reserves the right to alter the design, color, or contributing factors to rectify the condition and help prevent any future reoccurrence(s). SRP has the option to repair or replace any defect in materials.

The warranty is void if any changes, modifications, additions, or attachments are made to the product without the written consent of the manufacturer.

SRP excludes any implied warranty of merchantability, fitness, or purpose, and there are no warranties which extend beyond the description of the face hereof. Under no circumstances will SRP be responsible for any indirect, special, consequential, incidental, or liquidated damages due to breach of warranty and such damages are specifically excluded from the warranty.

The owner shall notify SRP with original Sales Order Number issued from SRP to arrange for an inspection within 30 days after discovery of any defect under this warranty and before any alteration or repair is made or attempted. This Limited Warranty shall be null and void if the owner makes any alterations in design.

This warranty is the only express warranty given by the company. No person has authority to change or add to these obligations and liabilities. The company reserves the right to determine whether the fault is caused by faulty workmanship, material, or the part that is defective.

Powder Coat

Superior Recreational Products offers a 5-year Limited Warranty for powder coating to the original purchaser. This Limited Warranty is for factory applied finish only. Damage occurring from shipping, erection, vandalism, accidents, or field modification is not covered in this limited warranty and will require field touch-up immediately and periodically thereafter. The owner must report any defect in powder coat at the time the installation is completed. Not covered by this Limited Warranty are acute angles, welds, and end plates. The Limited Warranty for powder coating provides the following after a 5-year exposure period when applied according to the recommendations listed on the product’s technical data sheet and appropriate surface preparation has been utilized.

- The coatings shall retain their original color with a ΔE of <7.5 units for high chroma colors, (Yellows, Reds, Oranges, ETC.) and a ΔE of<5.0 units for low chroma colors, when tested in accordance with ASTM D 2244.
- The coating shall retain a minimum of 50% of its original gloss level after washing, when tested in accordance with ASTM D 523.
- The coating shall exhibit chalking no worse than numerical rating of 6, when evaluated in accordance with ASTM D 659-80.

Cancellation, Return, and Shipping Policy

TOP AND SEAT COATING OPTIONS

SRP Site Amenities is the only company in our industry that offers the two industry standard coatings for indoor and outdoor site amenities at the same cost. **Plastisol**, a liquid PVC, has been the traditional coating. The product is dipped in liquid plastisol and baked, creating a hardened surface. **Textured Polyethylene**, SRP’s top-selling coating, is powder based. The textured polyethylene powder is placed in a fluidized vat where the product is dipped and then baked. You may choose either a plastisol or textured polyethylene coating for your SRP Site Amenities product (see exceptions below).

- solid top tables
 - custom letter products
 - Plasti-Plank
- trash receptacles
 - one piece benches

Plastisol

SRP Site Amenities is the only company that puts a **90% gloss shine** on our plastisol products, which helps with UV protection. While our competitors’ products have a porous surface that is susceptible to stains and dirt build-up, SRP’s plastisol is **completely smooth** which acts as a stain repellent and helps prevent dirt build-up. This coating does require minimal maintenance to prohibit environmental conditions from effecting the coating.

Textured Polyethylene

Traditionally, Polyethylene is very easily scratched and marred causing it to be difficult to fix. By using a **textured surface**, SRP has eliminated this problem! Our textured polyethylene coating helps hide the scratches and mars, while keeping the product looking better longer. Unlike Plastisol, polyethylene leaves **no drips** on the product. This coating is maintenance free.
